

2 Day Face to Face Training

CHG has a proud history of providing the highest quality of workplace health services to South Australian employers. We were selected as the winner of the Service Provider Achievement Award in the inaugural WorkCover Recovery and Return to Work Awards in 2007. Using the knowledge and experience of our trainers, doctors and therapists, we can support your Return to Work Coordinator (RTWC) in achieving excellent rehabilitation and return to work outcomes for injured workers. Our aim is to help employers as they seek to:

Learn. Promote. Manage.

Course Overview

Participants will leave this program with skills and understanding of:

- the workers compensation legislation relevant to rehabilitation and return to work of injured employees
- the roles of key stakeholders, including injured workers, doctors, claims managers and supervisors
- common injuries and medical terminology
- how to identify, negotiate and offer suitable duties to injured workers
- how to effectively communicate with doctors and other treating professionals
- how the take-away resources folder and other materials can assist in the role of RTWC

Practical and Hands-on Learning

Participants who undertake the RTWC training with CHG will gain practical skills in identifying suitable duties and understanding the most common barriers to the return to work process.

Face to Face Learning Benefits with Industry Experienced Trainers:

- Problem solving real scenarios in small groups
- Workshop with a treating doctor to gain inside knowledge of establishing a working relationship with this important stakeholder
- Surround yourself with like-minded professionals in a training environment to share skills and knowledge

Private Engagement Training is available upon request, contact the Training Unit for more information:
